

Arrg you ready to see your leaders in action?  
**Medart Elementary Leadership Day 2017**

Dear Guardian,

As you are aware, The Leader in Me process is very much a part of who we are as a school. Leadership and the 7 Habits serve as our foundation and help us to unleash every child's unique gifts and talents while providing them with opportunities to be a leader.

**We will be hosting our Parent Leadership Day on April 28th from 9am-11am.**

The students and staff are so very excited! We are planning to highlight all of the amazing things we have accomplished as a school of leaders. Leadership Day also gives us an opportunity to use the life skills we have learned. Life skills such as greeting people with eye contact and a firm handshake, public speaking, and showing how setting goals and tracking data have helped achievement.

Please join your child in his/her excitement around this very special day. If you have any questions, feel free to contact Lisa Kristin McMillian, our coordinator.

To RSVP so we can prepare for your attendance, please fill out and return:

Yes, I want to attend Parent Leadership day \_\_\_\_\_
